

REMARKS

Reconsideration of the claims is respectfully requested.

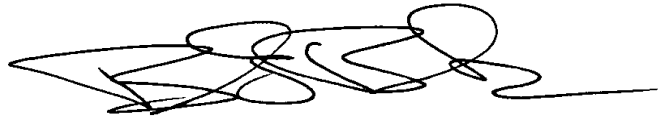

No new matter has been added by this amendment.

Claims 4-12 and 16-24 remain in the application.

The Examiner has indicated the status of the claims as being 16-24 being allowable, 4-16 having allowable material and claims 1-3, 13-14 and 25 being rejected. The Examiner further indicates that claims 13 and 25 are new combinations and will not be entered as they raise new issues that would require further consideration and/or search and that they raise the issue of new matter. Thus, Applicant has canceled claims 1-3, 13-14 and 25 and contends that the rejection by the Examiner has been overcome.

It is respectfully urged that the subject application is in condition for allowance and allowance of the application at issue is respectfully requested.

Respectfully submitted,

---
